QTV

**New release DVD - NZ made – Curriculum linked – supported by
Ministry of Education – wow!**

Finalist Air New Zealand Screen Awards –Best children’s / youth programme

SCIENCE, SOCIAL SCIENCES, GEOGRAPHY

*“It’s grubby, icky, earthy and even fairly shocking, in a way that children find irresistible”
Jane Clifton, The Dominion Post*

**You’ll have seen QTV on TV2 and now we offer you the opportunity
to purchase on dvd for classroom or library use.**

**QTV is an exciting and innovative science series designed to engage young people in
the world around them. The Q Team are young people with a passion for discovery.
They meet scientists from all over New Zealand who are researching social and
environmental issues using the latest developments in science and technology.**

**QTV embeds learning and literacy in scientific material with local stories and global
dilemmas that require young people to think about and interact with a number of
possible solutions.**

**QTV has thirteen episodes on 1 dvd disc for convenience, covering topics such as
forensic science, volcanoes, tsunamis, biodiversity, climate change and much more.**
